LIFAN E3 45KPH FEATURES

STYLISH DESIGN

MGB has designed an innovative vehicle capable of combining modern style and maximum functionality. An e-scooter in which the attention to detail and ergonomics are extreme: from the large footboards to the comfortable none slip dual seat with a low seat height of only 720 mm and an under seat storage compartment of 18.9L to ensure maximum comfort and practicality; with full LED lighting, double disc brakes and a rolling chassis manufactured from carefully selected materials to ensure superior safety.

BATTERY PACK

E3 uses the latest-generation lithium-ion battery pack, with a capacity of 1440 Wh. The entire battery weighs only 9 kg. The battery can be fully recharged in just 6 hours to give a range of 55 kmh. An intelligent battery, equipped with a BMS (battery management system) able to protect it from overcharging and excessive discharging

ALLOY SWING ARM

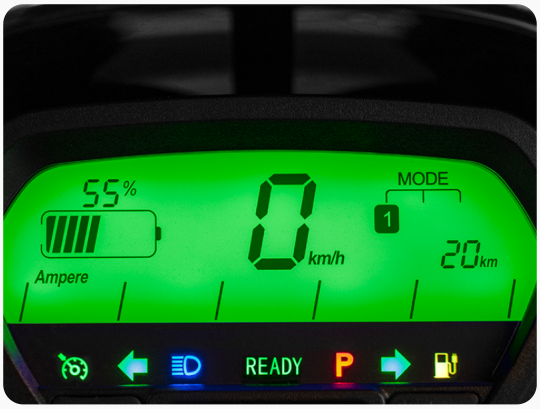
This is a high specification machine with many small details like the cast Alloy swing arm that would only usually be found on higher priced machines. Providing Quality without compromise.

DISC BRAKES

180mm single disc brakes on both front and rear wheels provide secure and progressive braking on such a lightweight machine that has a kerb weight of only 72kgs.

DIGITAL LCD DISPLAY

LCD digital display is precise and easy to read and gives you all the information you require.



LED LIGHTING

LED lighting all-round gives a clean modern look but also help to conserve power giving you the best range possible. It is also highly visible to other road users in all conditions, day or night.

BOSCH 1200W Motor

Powerful BOSCH 1200W brushless motor is hub mounted into the rear wheel and provides plenty of power. Bosch are regarded as a paragon of quality and reliability.

TWIN SHOCK REAR SUSPENSION

Twin piggy back rear shocks gives a controlled and comfortable ride.

CUBBY HOLE STORAGE AND SHOPPING BAG HOOK

Conveniently placed cubby hole in the leg shield for quick to hand items whilst on the move and a shopping bag hook for carrying shopping bags when you’re out and about.

LED REAR LIGHTING

Bright and clear LED lighting keeps you visible whilst on the road

QUALITY ROLLING CHASSIS

The E3 belies it's low price tag with a quality rolling chassis comprising of strong but light steel cradle frame, RWU telescopic front forks, aluminium swingarm and twin piggy back shock absorbers, alloy wheels with CST tyres and front and rear disc brakes all fitted as standard.

LARGE ALLOY REAR RACK

The E3 has a large cast aluminium rear rack with grab rails - perfect for carrying a soft bag or mounting a top box to provide you with additional secure storage. Please Note - Top Box shown in the pictures is an optional extra and Not standard fitment.
