W230 FEATURES

Low seat height

With one of the lowest seat heights in its class, the W230 is suited to a wide range of riders, bringing the W heritage to a broader audience and making this W one of the most accessible machines in the 250cc class.

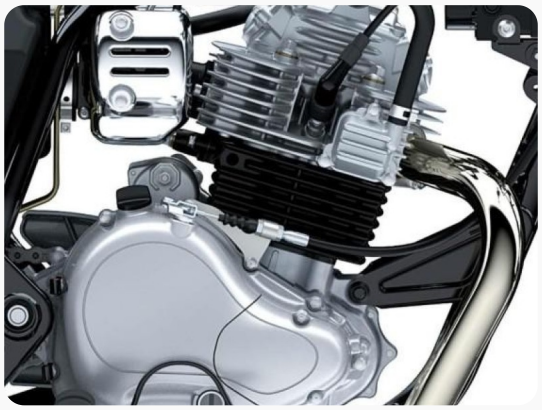

Traditional Instrumentation

Round, retro-style gauges with a built-in LCD display offer the best of both worlds: classic, easy-to-read looks with the added information a modern LCD display.

Classic-Style Teardrop Fuel Tank with 3D Emblem

The fuel tank's teardrop shape contributes to the timeless beauty of a W model, while a specially designed 3D emblem catches the eye and distinguishes this model within the category.

Vintage-Style Air Cooled Engine Design

For both the looks from the outside and the feel when riding, the W230's engine delivers a vintage character. Special care was given to the design to produce classic looks in a modern engine, with sculpted engine parts including large, rounded fins on the cylinder head.

Elegant Muffler with Fine-Tuned Exhaust Note

The header pipe flows elegantly from the engine and ends in a peashooter style silencer to recreate the beautiful look of early W models for true classic styling. The exhaust note was finetuned to produce a deep bass sound and pulsing sensation when accelerating. When cruising, the exhaust volume is approximately the same level as wind noise, contributing to a pleasant ride feel.

Large-Diameter Spoked Wheels

Spoked 18” front and 17” rear wheels lend the W230 a distinguished, stylish look and feel that contributes to smooth handling as well as a big-bike appearance.
